

2.3.2 Student mentoring system available in the institution?

In our institution, mentoring system has been introduced from 2020 for establishing a better and effective relationship between students, teacher and also continuously monitor council and guide students in educational and personal matter.

All the teachers work as mentors for students allotted to them. The students must feel to confide in their mentors. This is a continuous process till end of academic career of students. The aim of student mentor-ship is:-

1. To enhance teacher students relationship
2. To enhance student's academic performance and attendance.
3. To minimize student's dropout ratio.
4. To monitor the student's regularity and discipline.
5. To enable the parents to know about the performance of regularity of wards.

The IQAC had taken the initiative of implementing the mentoring of students. Students are based on the streams of studies and also according to their core subjects. They are divided into groups of 20-25 students.

Mentors maintain and update the mentoring format after collecting all necessary information. Mentors are expected to offer guidance and counseling as and when they required.

It is the practice of mentors to meet students individually or in groups. In isolated cases parents are called for counseling and their special meeting with the principal at the suggestion of the mentor. If a student is identified as having weakness in particular subject. It is duty of mentor to apprise the concerned subject teacher.

At least 3-4 meetings are arranged by mentors for their mentee in each semester. Though the system has only been implemented in the last few years. Significant improvement in the teacher student relationship is observed.

This system has been useful in identifying slow and advanced learner and through a careful examination of each mentors report the college has organised 'remedial classes' in identified topics.

HOD will meet all mentors of his/her department at least once in a month to review paper implementation of system advice mentors wherever necessary.
